Improved by Innovation

Bamboo torches evoke the feeling of relaxing vacations, tropical paradise, and natural wonders.

More and more homeowners are having them set the mood and add fun, decor, and ambiance to their backyard or patio.

Challenge

However, natural materials present their challenges.

Within a month, these natural bamboo torches will begin to rot, mold, split, decay and lose their colors.

You will be wasting money to replace them again and again.

That's why we created synthetic alternatives.

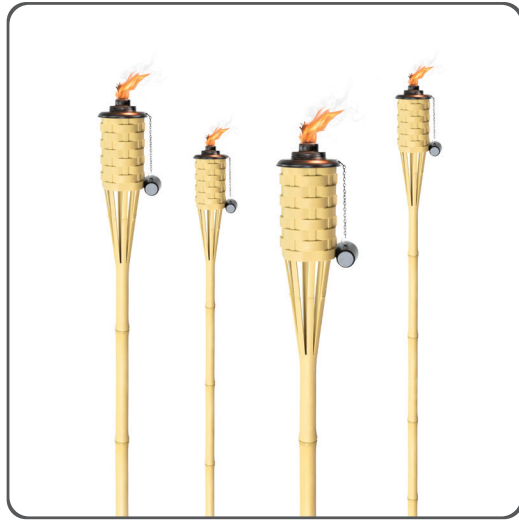

The image features four lit bamboo torches arranged in a row, slightly overlapping. The torches are made of a woven material, likely bamboo or a synthetic equivalent, and have a conical shape. They are lit, with bright orange and yellow flames at the top. The background is dark, and there are several out-of-focus light sources, creating a bokeh effect. The overall mood is warm and rustic.

Inspired by Nature

A perfect reproduction that rivals the rustic quality of natural bamboo torch while preserving all the benefits of high-performing synthetic material.

Wherever you install it, you'll be amazed at how well it withstands inclement climate conditions, pest damages, and general wear & tears for decades while still looking gorgeous.

Variations

01. Sundried

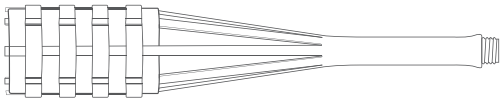

02. Brown

Available in two standard tones: "Sundried" and "Brown". Custom color is available for the full container order.

**Eco-friendly,
Non-PVC,
100% Recyclable
Materials**

PA-6 special reinforced resin is highly resistant to mechanical impact and high temperature.

Glass-fiber reinforced ABS resin is highly robust, keeping our torches straight and stable.

Product Features

NATURAL LOOKING

Each section of the bamboo node is uniquely different to deliver a more realistic appearance.

Texture

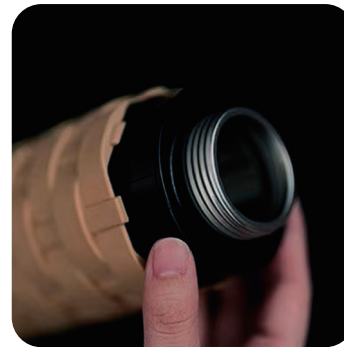

The three-dimensional weaving texture creates beautiful subtle shadow.

EASY TO INSTALL

Each part feature a threaded design to maximize installation efficiency and stability.

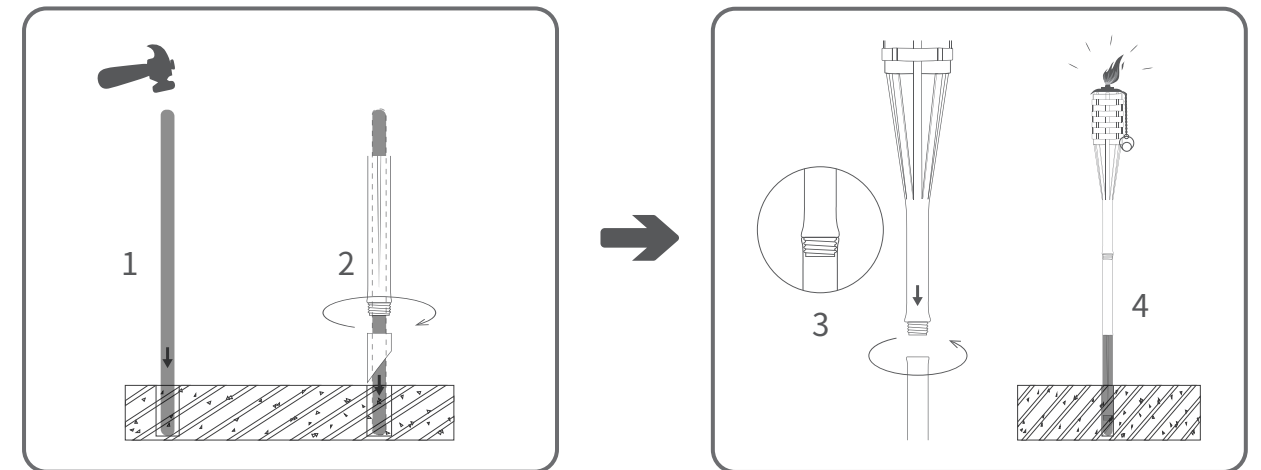

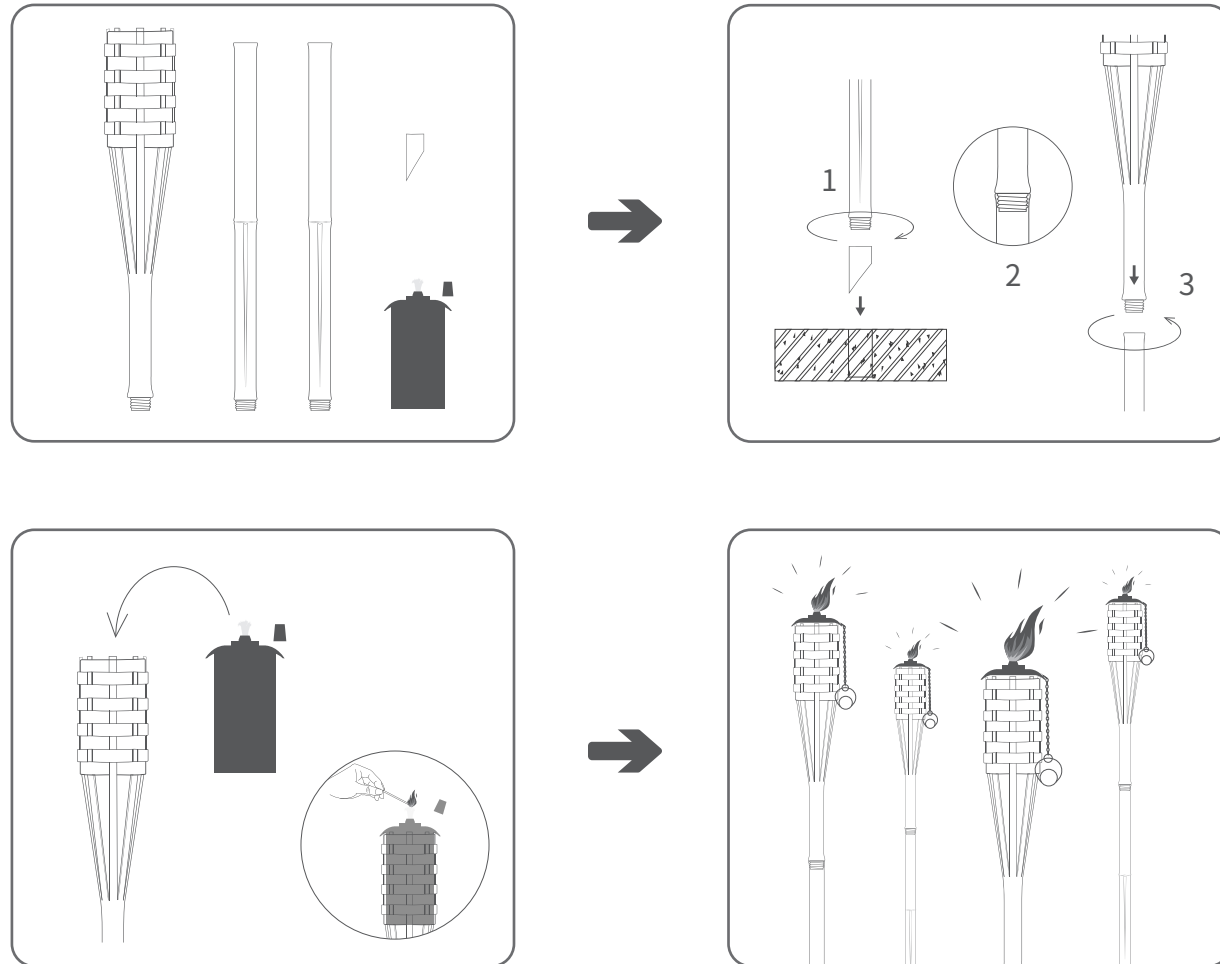

MESS-FREE REFILL

Each bamboo torch includes an easy-pour canister for mess-free refill.

Installation

Protips:

If you are going to leave these gorgeous torches outside to decorate your backyard, we would recommend reinforcing our bamboo pipe with a metal stake/garden stake so they can withstand strong winds and stay sturdy and pretty for decades.

Tested & Certified

Weather Resistant

ISO4892-3 (2000hrs) UV tested with the highest color-fastness grade.

Mold Resistant

Designed to withstand the elements. 100% mold, insect, and rot proof

Non-Toxic

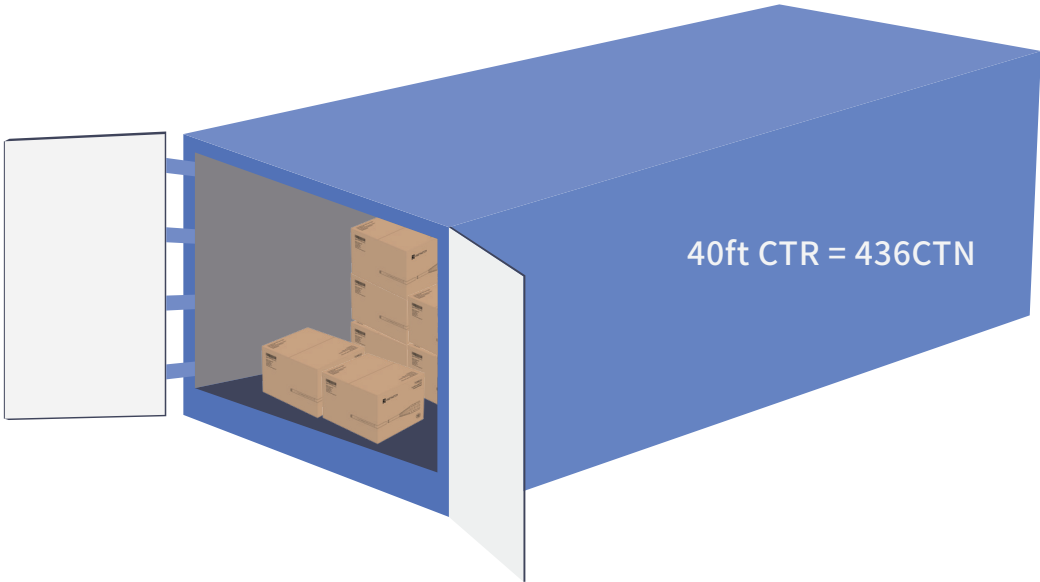

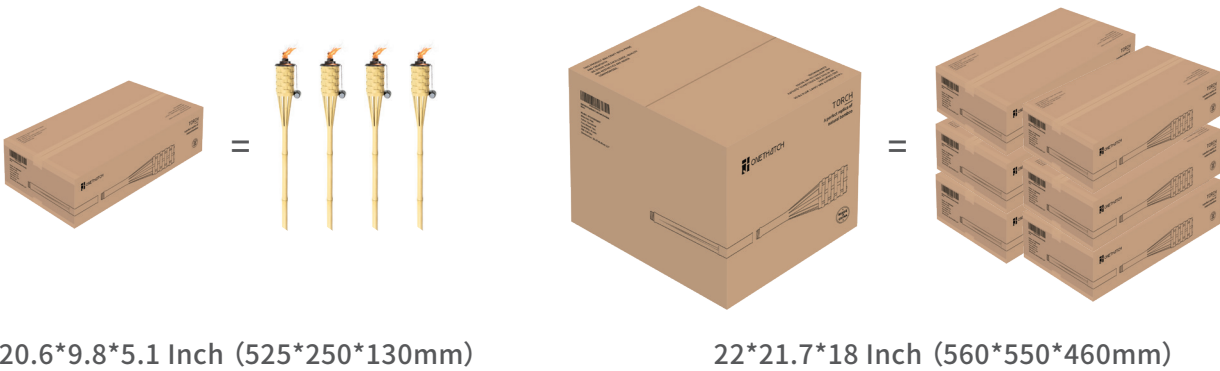

100% recyclable and eco-friendly as they contain no polyvinyl chloride (PVC).

ISO Standard

Our factory is ISO9001 certified since 2010.
